

## Harbor Medical Associates has changed its name to Brigham and Women's Medical Associates.

Whether you need a simple check-up, or treatment for a complex condition, patients of Brigham and Women's Harbor Medical Associates have access to a team of doctors who know the importance of timely, expert and compassionate care.

If you need a primary care physician in the South Shore, our doctors are accepting new patients in Braintree, Holbrook, North Weymouth, Pembroke, Scituate, South Weymouth, and Weymouth.

In addition, our specialists focus in Cardiology, Endocrinology, Family Medicine, Gastroenterology, General Surgery, Internal Medicine, Nephrology, Neurology, Pulmonology, Sleep Medicine, and Vascular Surgery.

If you require extensive treatment, or complex medical and surgical care, patients of our practice also have direct access to the subspecialized resources at Brigham and Women's Hospital in Boston.

To request an appointment at Brigham and Women's Harbor Medical Associates, please call **(781) 952-1303**, or visit [www.brighamandwomens.org/Harbor](http://www.brighamandwomens.org/Harbor).
